● **Open to new opportunities**

Graphic designer with nearly 10 years across agency, corporate and e-commerce environments, taking projects from creative concept through production and final delivery. Builds brand systems, packaging and high-conversion digital campaigns end to end — combining strong fundamentals in Photoshop, Illustrator and InDesign with an **AI-native production pipeline** and hands-on 3D prototyping.

**~40%**
Campaign production time cut by roughly 40% with an AI-powered creative pipeline.
Claude · Midjourney · Firefly

## EXPERIENCE

### Graphic Designer / Marketing Designer
2023 — Present
DSS Distribution · Montreal

- Built an AI-powered creative pipeline (Claude, Midjourney, Firefly) producing brand-accurate imagery and video — **cutting campaign production time by roughly 40%**.
- Lead packaging and product-launch creative for consumer packaged goods across multiple regulated SKUs, from concept to print-ready files: dielines, technical specs, vendor coordination.
- Own design across the full e-commerce funnel: Shopify site management, landing pages, promotional banners and UI/UX improvements that support conversion.
- Design email/CRM campaigns and newsletters with strong information hierarchy, plus social content, catalogs and trade-show materials.
- Produce AI-assisted product photography; manage the creative asset library and coordinate vendors.

### Graphic Designer
2019 — 2023
LP3, Medisca Network Partner · Montreal

- Created educational and corporate design materials: e-learning graphics, presentations, print and digital assets, event materials.
- Adapted concepts across formats and maintained strict brand consistency across a large catalog of materials.

### Graphic Designer
2018 — 2019
Design Grafico Studio · Montreal

- Produced branding, packaging, editorial design and visual identity systems for a multi-client creative agency, from concept through delivery.

### Graphic Designer
2016 — 2018
Agency MAC Media · Montreal

- Designed branding, print, advertising campaigns and social content for a range of agency clients, delivering production-ready files across print and digital.
